COVID-19 INFORMATION

****SUBJECT TO CHANGE****

SCHEDULING

We will be sending all information both venue and CRU Dance regarding our finalized safety measures/protocols with your preliminary schedule, 2 weeks prior. As stated on our website, we will be doing "block scheduling" to limit capacity to maintain social distancing.

DRESSING ROOMS

In the event that there are 2-3 studios with a small number of routines registered for the event, we may have those studios compete in the same block in which case each studio will be assigned their own dressing room space. Dancers should arrive stage ready for their first performance and should only use the dressing room if they have more than one costume.

If a dancer is not comfortable changing in the dressing rooms provided and would rather wear generic dancewear to compete with all routines, no points will be deducted.

LIVE STREAM

All events will be live streamed to limit the audience capacity while providing an option for those unable or not comfortable to attend with an opportunity to watch the event in real time. Live stream can be located on our website www.cru-dance.com/live-stream. Please note, that some venue capacities may not allow spectators at certain events.

Important: Please be mindful that optimum streaming will rely solely on the strength of the WIFI signal at the host venue. Several factors including WIFI strength, weather conditions, and/or technical difficulties may affect viewing quality and/or interruptions in service. These are factors that are beyond CRU Dance and DanceBug's control and as such we appreciate everyone's patience should service be affected.

PHOTO/VIDEO

- This event will be live streamed.
- Absolutely no photography and videography allowed. Violators of this rule will be asked to leave the premises. This is for the safety of your dancers and choreography.
- Photos and videos can be viewed on the DanceBug App and purchased at www.dancebug.com after the event.
